

SOQ Station of the Year 2011

Our newest Station of the year is none other than the Larry Of W8WR

Larry received his Novice in May 1965; received his General in August of 1965, and received his Extra in 1980.

Larry started checking into the Wolverine net around 1967 and would check in from time to time. He always checked in on Christmas Eve so his 2 Girls could talk to Santa - K8GOU. He finally got his membership in Wolverine back in the 1980's.

A quote from Larry:

“After Van's passing I decided it was something that I had to do for Van. Check in and fill in where I can. W8SJK is another guy that I admired and his big thing was starting a list. I guess I feel I am pitching in for him. I love my hobby and I really enjoy the Pre-net and chatting with WB2JQJ and the rest of the gang. WA8VQL taught me all I know about being a net control, that is what I tell him, hi hi. When I first started checking into nets it was the G.L.E.T.N. WHERE I BECAME NET CONTROL SOME TIMES 2or 3 nights a week.”
